

# REPORT TO BE BRIEF

Monument Directors to Begin All Over Again.

## PERSONNEL OF THE BODY

Every State in South Represented in Meeting to Be Held Here Next Wednesday—Site and Form of the Memorial May Be Changed.

The meeting of the Board of Directors of the Davis Monument Association in this city on next Wednesday to hear the report of its special committee appointed to superintend the erection of the Davis memorial arch after the Gudebrod design, will be one of great interest to the public.

Much probably to the surprise of the directors the committee will not report that the work has been begun and is progressing with satisfaction towards a speedy accomplishment, but on the other hand that the Gudebrod arch cannot be erected for the sum appropriated, the committee refusing to sign the contract. Therefore the committee has no work before it. It is regarded as likely that the entire monument question is to be laid to rest and that the Gudebrod arch will be located and that it will look like it is hardly apt to be an arch, and it would not be surprising if it is not located in Monroe Park.

**OFFICERS AND DIRECTORS.**  
The officers and directors of the Monument Association, including the personnel of the gathering here on Wednesday, are:

## HANOVER HAPPENINGS

W. C. T. U. County Convention—A New Summer Resort.

(Special to The Times-Dispatch.)  
MECHANICVILLE, Va., June 6.—The second county W. C. T. U. convention, held Wednesday at Walnut Grove Baptist Church. A letter from Dr. C. H. Ryland, pastor of the church, was read, expressing regrets at not being able to be present.

Crawford, the entertaining union, stepped over the line of custom and provided a most sumptuous dinner of good things. The convention of different features and reports of county superintendents and others, a selection was read by Miss Julia Jeter, and a paper prepared and read by Miss Jennie Bates, subject, "The Growing Evil."

Mr. T. G. Garrett has erected a most beautiful and attractive building, where he can accommodate those who desire a country home for the summer months. The Rutland House will furnish attractions as well as modern conveniences. There is a pretty pond, just a hundred or so rods from the house, with two boats for rowing; bathing can be had also. The house has appliances for hot and cold water.

## CAMPBELL CANDIDIES

Lynchburg City Council to Riganize. Gravity Supply of Water.

(Special to The Times-Dispatch.)  
LYNCHBURG, Va., June 6.—Campbell county has developed several candidates for the Legislature. For the House, Delegates, Captain J. C. Patton and Mr. Eugene Old, are candidates while for the Senate, Mr. William A. Brien and Mr. A. F. Thomas are being pushed.

State Senator Don P. Halsey has been unable to get on his feet for some days much better.

The City Council of Lynchburg will at its meeting in July reorganize the election of a president and city attorney, which will also elect city officers, which a new council will be called on to elect. So far as is known a single one of the present incumbents of city offices has opposition.

People of Lynchburg are now interested in the question of a gravity supply of water. The matter is to be submitted to a vote on June 25th. Sentiment seems to be somewhat divided, but it is thought that gravity will carry the day and the proposed plan, the city will spend seven hundred thousand dollars in getting its water from Pedlar River, Amherst county.

## Deep Run Races Postponed

The races which were expected to be held on the Deep Run Hunt Club track yesterday were postponed on account of the heavy track. Another day will shortly be announced.

At the Confederate Bazaar have been handed in by Mrs. Winn, Missie Harris, chairman of the Kentucky, has received forty dollars, which he added to the Kentucky State fund.

## ARRESTED PARENTS ON GRAVE CHARGE

Colored People Charged with Administering Poison to Their Child.

At the instance of one of the surgeons of the City Ambulance Corps, a negro man and his wife were locked up in the Second Police Station yesterday, charged with unlawfully and feloniously administering poison to their infant child, four months of age.

The accused live on North Seventh Street and are named Edward and Annie Titus. The ambulance was called to the house yesterday morning to treat the infant child of the couple. Dr. Crump, the surgeon in attendance, found the baby, which is about four months of age, suffering intensely from a dose of some corrosive poison. The circumstances and surroundings were suspicious, and Dr. Crump swore out a warrant and had both the man and his wife arrested. They are now in the Second Station.

The mother of the child states that the condition of the infant was due to lime water, which she gave it. Dr. Crump said last night that lime water would not entail such effects as those experienced by the child. He thinks it is some other substance which was administered. The father, who is a colored man, was taken to the colored almshouse for treatment. Whether or not the child can recover cannot now be said.

# FUNDS FOR JAMESTOWN

Subscriptions for Stock Coming in Rapidly.

## PROSPECTS ARE BRIGHT

Much of the Preferred Non-Taxable Stock Now Being Sold Here—Talk on the Subject With Hon. John Whitehead.

"The people of Norfolk have gone to work to raise the half million dollar guarantee fund for the Jamestown Exposition," said Hon. John Whitehead, of Norfolk, to a reporter for The Times-Dispatch yesterday.

"The greater part of that sum has been subscribed. Three citizens of Norfolk alone have subscribed for \$45,000 of the stock, and forty more have taken \$10,000 of it. Besides this there are a great many smaller subscriptions, which in the aggregate will considerably increase the sum represented by these figures."

"The people are also subscribing liberally to the million dollars of preferred stock of the Exposition Company and it is now being sold in Richmond. This stock will pay a dividend of four per cent. and is non-taxable."

Mr. Whitehead has been in the city several days and expresses himself as very much gratified and encouraged at the way the stock is going. He believes that the people of Norfolk are very much more interested in the Exposition than there will be no trouble in subscribing the entire amount made necessary under the terms of the charter for holding the exposition, that is to say, a million dollars. He said that the figures given by Mr. Whitehead of the money that will be available for the exposition, exclusive of the expected appropriation from the National Government:

Guarantee fund.....	\$500,000.00
State appropriation.....	200,000.00
Norfolk's pledge subscription.....	200,000.00
Newport News' pledge subscription.....	100,000.00
Norfolk county's pledge subscription.....	100,000.00
Portsmouth's pledge subscription.....	25,000.00
Preferred stock.....	1,000,000.00
Total.....	\$2,225,000.00

"This sum will be increased by two and a half millions, subscriptions being made by all the cities and counties around. The national government is confidently expected to give two for one, and that has been the policy in such cases," said Mr. Whitehead. "That will give a total of seven and a half millions, enough to insure the success of the exposition and its conduct on a grand scale. Then there are the various receipts from the villages which will pay the running expenses."

## THE PROPERTY HELD.

"The exposition company owns 330 acres of land, costing it but \$140,000, but which is now at market value of fully \$300,000. The land was bought cheaper than the market value. The buildings to be erected for the exposition will be of such construction and character that they will be available for use as factories, warehouses, hotels, stores, clubs and for other uses, and permanent streets, well paved, with water and lights, will be provided. In front of these grounds for a distance of several thousand feet, the Chesapeake and Potomac Rivers will be a beautiful view. The whole is a beautiful water and the water there is the deepest in the harbor, thus affording opportunity for the establishment of fine wharves and docks. Already there are valuable docks and a hotel on the site, and access thereto is easy and swift by means of the finest and fastest trolley line service in the South. The road is built with the heaviest rails in use and on a solid foundation. It can make thirty miles an hour, if necessary, thus putting the exposition site in easy reach of Norfolk."

"The preferred stock of the exposition company, for which I am now soliciting subscriptions in this city, will be paid in eight installments, one every six months, \$12.50 per share being paid in each installment, on the first of January and the first of July of each year, until the whole is paid. Collections of these installments will be made from the general office in Norfolk."

# UNIVERSITY PRESIDENT

Large Number of Candidates for the Position.

## CHOICE BETWEEN THREE

John Bassett Moore Could Not Come at Once—Numerous Friends Pushing Name of Charles W. Dabney—George W. Miles.

(Special to The Times-Dispatch.)

UNIVERSITY OF VIRGINIA, Va., June 6.—The all-absorbing topic in college is the approaching election of a president of the University, which is set for Saturday of next week. Various opinions are expressed as to who will be the choice of the board, and many are the prophesies made. Some predict that the board will not reach a decision at this meeting, as there are so many strong men to be considered, and it will be such a difficult matter to decide between them in so short a time. On the other hand, a well known professor remarked to-day that the board would hardly adjourn before deciding upon some one of the names mentioned, as the matter was of too great moment to allow of delay.

## THE BIG THREE.

The names of Bassett Moore, Charles W. Dabney and George W. Miles are mentioned more prominently, and it is believed by many that the successful candidate will come from this list. Each has many enthusiastic supporters among professors, alumni and students.

Professor John Bassett Moore, it is understood, has informed his friends that his contract with Columbia University would prevent him from accepting the presidency of the University of Virginia. How soon he could give his entire attention to the duties of the office in case the Board of Visitors should elect upon him is not known. His engagements are pouring in from alumni scattered all over the country, and his friends predict that he will be chosen Saturday next and matters soon adjusted so as to enable him to give his entire time and attention to the duties of the office.

## FRIENDS ACTIVE.

The numerous friends in the North and South of Professor Charles W. Dabney are pushing forward that distinguished educator, and point with pride to his record at the University of Tennessee, saying that just such a man is wanted at Virginia. Many regard him as the strongest and most available man for the position.

Colonel George W. Miles' friends in the faculty and among the student body are urging their candidate with renewed vigor, saying that his equal as an organizer is yet to be found. He is regarded as an able man, of broad mind and pleasant address, and his valuable services he rendered the University while a member of the board won for him a host of admirers, who predict great things of him in case he should be chosen Virginia's president. He is a brilliant speaker, his address at the last commencement being the feature of the finals.

## John Whitehead Resigns.

## A Consul General's Letter.

**PERRY M. DeLEON.**

**PE-RU-NA IS THE BEST OF TONICS FOR SUMMER ILLS.**

**FOR SUMMER COLDS PE-RU-NA IS A PROMPT SPECIFIC.**

Mr. Perry M. DeLeon, Consul-General from the United States to Guayaquil, Ecuador, writes:  
*"I cheerfully join with my friend, Congressman Livingston, in recommending Peruana as an effective remedy for catarrh, colds and coughs."*

## THE SECRET.

How Doctors Protect Themselves From Contagious Diseases.

Doctors rarely catch contagious diseases. Almost everybody knows this, but few know how they escape. Many believe that the doctor has some charm or antiseptic which protects him. Dr. Hartman lately made the truth of this matter public, that all might realize its benefit. Contagious diseases are conveyed by minute organisms known as disease germs. These germs find their entrance into the system through the mucous membrane of the nose, mouth and throat. If the mucous membrane is healthy, they cannot get into the system. If the mucous membrane is affected by catarrh the germs find easy access. Catarrhal secretions furnish exactly the material upon which the disease germs thrive and multiply. To get rid of the catarrh and thus preserve the mucous membrane healthy, is the only way to be safe from contagious diseases. This explains why it is that some people catch diseases easier than others.

## Catarrh of the Stomach Most Common in Summer.

Mr. Virgil Rowelee, Fulton, Oswego county, N. Y., writes:  
 "I am a married man. I had stomach trouble for three years, tried several doctors and got no help; then tried your Peruana, and now feel like a new man. Would recommend it to anybody with catarrh of the stomach. I have gained forty pounds and can eat most anything. I cannot say too much for your medicine. People tell me I look like a new man. I tell them that I am, and that it is Peruana that did it. I had doctor's with five different doctors, but did not get any help, but when I began to take your Peruana it began to help me. I now feel like a well man."—Virgil Rowelee.  
 Mr. D. B. Van Huffe, Highland Park, Cedar Rapids, Iowa, writes:  
 "For many months I have been annoyed with stomach troubles. I tried all kinds of medicines, but they did not do me much good. I heard so much of Peruana that I finally came to the conclusion to try it. I used one bottle and commenced to feel some better. I used two bottles more of it, and felt rid of my stomach trouble. I think it my duty to recommend Peruana to all who are suffering from stomach troubles, and I am sure they will find Peruana an excellent remedy."—D. B. Van Huffe.  
 The best cure or preventative known to the medical profession up to date for catarrh in all its conditions is Peruana. During the uncertain weather of springtime it is an unnecessary hazard for any one to neglect to guard himself from taking disease, by taking Peruana. Send for free catalog book. Address The Peruana Medicine Co., Columbus, O.  
 If you do not derive prompt and satisfactory results from the use of Peruana, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

## MORE SHIPS FOR NEWPORT NEWS

(Special to The Times-Dispatch.)

NEWPORT NEWS, Va., June 6.—General Superintendent W. A. Post, of the Newport News Ship-building and Dry Dock Company, to-day returned from Washington, and announced that in addition to the sixteen-thousand ton battleship contract from the government the company has about closed for two large merchant steamships to be constructed right away. With these two additional ships in view and the large amount of company work already on hand here the company decided to bid on only one of the battleships instead of two.

A small launch is running now between here and Sewell's Point, to connect with the Norfolk cars, and will continue its trips as long as the ferry is tied up by the engineers' strike. A tug is running between Old Point and Willoughby Spit.

## OBITUARY.

**Charles G. Theimer.**  
 Mr. Charles G. Theimer died at 6:20 o'clock yesterday evening at his residence, No. 202 North Nineteenth Street, aged fifty-five years. He had been in ill health since last February. He was for many years a well known carpenter.  
 Mr. Theimer was twice married. He is survived by one son, Charles J. Theimer, the child of his first marriage. His second wife survives him with five daughters and one son. The daughters are Misses Mamie, Blanche, Madeline, Anne Lee and Helena. His son is Peter Theimer.  
 The funeral will take place at 3 o'clock to-morrow (Monday) afternoon from St. Mary's Church, of which he was a member.

## Joseph Pizzini.

Mr. Joseph Pizzini dropped dead Friday night about 1 o'clock in front of No. 92 North Sixth Street.  
 Mr. Pizzini was about fifty-four years of age. He was a son of Antonio Pizzini and a brother of Mr. John A. Pizzini. He was unmarried. At one time he was a contracting plumber and tinner. Shortly before 11 o'clock Friday night he was seen sitting in front of a store window on Sixth Street, near Marshall. He got up and attempted to walk away, but fell to the pavement, where he expired in a few minutes. Corner Taylor viewed the remains yesterday morning and pronounced death due to heart disease.  
 The arrangements for the funeral have not yet been completed.

## Richard S. Harwell.

Mr. Richard S. Harwell died at 1:20 o'clock yesterday morning at his residence, No. 256 East Leigh Street. He was twenty-six years of age.  
 The funeral will take place at 1 o'clock this afternoon from Union Station Methodist Church.

## Infant Dead.

Nellie Catherine Stewart, infant daughter of G. T. and S. R. Stewart, died at 3:20 o'clock yesterday morning at the residence of her parents, No. 363 East Marshall Street, aged eight months. The funeral will take place at 3 o'clock this afternoon from the residence. The interment will be made in Oakwood.

## Funeral of Mr. Mitchell.

The funeral of Mr. T. Mitchell took place at 9 o'clock yesterday morning from the undertaking establishment of Richardson and Chappell. The service was conducted by the Rev. J. T. Bosman, pastor of Park-Place Methodist Church. The interment was made in Riverview Cemetery. The funeral was held at 1 o'clock this afternoon from the residence. The interment will be made in Oakwood.

## Mrs. Charlotte C. Stebbins.

(Special to The Times-Dispatch.)  
 ASHLAND, Va., June 6.—Mrs. Charlotte C. Stebbins, widow of the late Charles Stebbins, died at her home here today, after a very brief illness. Mrs. Stebbins was in her eighty-eighth year, and as usual was about her house yesterday, though feeling a little unwell. Her death, which occurred at 1 o'clock this morning, was a great shock to her family and friends.  
 Mrs. Stebbins had lived here since 1858, and was the oldest citizen in years in the town. She was a constant and devoted member of St. James' Episcopal Church and a most lovable and attractive person. To the last she retained full possession of her faculties, and was bright and cheerful at all times.  
 She leaves two sons—Charles Stebbins, of Ashland, a physician of prominence, died at 1 o'clock Saturday morning at Sterling, aged seventy-seven years. He is survived by one brother, A. M. Warner, a well-known lawyer of Cincinnati; two sisters, Mrs. Sherman D. Taylor, wife of Rev. Sherman D. Taylor, of Claridon, O., and Miss Sarah W. Warner, of Claridon. Dr. Warner was a native of Massachusetts and had lived in Virginia since 1869.
